Provided that nothing in this rule shall affect any mining or quarry operations undertaken in any area in accordance with the terms and conditions of a mining lease or mineral concession, granted before the commencement of these rules, which is in force at the time of such commencement;

Provided further that if the West Bengal Mineral Development and Trading Corporation Limited either by itself or through any agent duly authorised by the Corporation in this behalf searches for or collects materials or minerals or do some mining operations with a view to ascertaining the commercial prospects of winning any minerals, no mining lease or permit under these rules shall be necessary.

5. **Application for Mining Lease:** (1) A mining lease shall be granted by the State Government or by an officer authorised by the State Government in this behalf.

(2) An application for mining lease shall be made in triplicate in Form A to the State Government or to the officer authorised in this behalf through the Chief Mining Officer of the State Government and such application shall be accompanied by a challan showing the deposit of Rs.200 as application fee.

(3) The application fee is to be deposited in T.R. (4) The receipt of every such application shall be acknowledged in Form C.

7. **Disposal of Application for Mining Lease:** (1) An application for mining lease shall be disposed of within one year from the date of its receipt.

8. **Refusal of Application for grant of Mining Lease:** The State Government may, for reasons to be recorded in writing and communicated to the applicant, refuse to grant a mining lease over the whole or part of the area applied for.

9. **Priority:** (1) If more than one application for a mining lease regarding the same land is received, preference shall ordinarily be given to the application received first, unless the State Government, for any reasons to be recorded in writing, decides to grant a mining lease to an applicant, whose application was received later in preference to an applicant whose application was received earlier:

Provided that if an application for mining lease is received from the West Bengal Mineral Development and Trading Corporation Limited or any department of the State Government in respect of any area, preference shall be given to the said corporation or the department, even if its application is received later.

Provided, however, that this restriction shall not apply in the case of the West Bengal Mineral Development and Trading Corporation Limited, which may apply for and take lease for any period not exceeding twenty years.

2. The District Authority may authorise the Subdivisional Land Reforms Officer and Junior Land Reforms Officer or equivalent officers to issue quarry permits.

3. The Senior Land Reforms Officer or an equivalent officer shall not issue any quarry permit, the royalty for which exceeds Rs.200. Similarly the Junior Land Reforms Officer or an equivalent officer shall not issue any quarry permit, the royalty for which exceeds Rs.50. When a Junior Land Reforms Officer issues any permit, a copy of such permit shall be sent forthwith by the Junior Land Reforms Officer to the Subdivisional Land Reforms Officer and when the Subdivisional Land Reforms Officer issues any permit, a copy of such permit shall be sent by him to the Junior Land Reforms Officer and also to the District Authority forthwith. District Authority, if he issues any permit, should also send a copy of each such permit to the Subdivisional Land Reforms Officer and the Junior Land Reforms Officer concerned.

4. A copy of each permit shall be sent by the Issuing Authority to the Chief Mining Officer, Asansol.

5. The Issuing Authority shall arrange for occasional inspection and check up the amount of the mineral removed.

6. The rate of royalty for issue of quarry permit shall be the rate prescribed by the Government as royalty in the Schedule I appended to West Bengal Minor Minerals Rules, 1973.

7. The principles laid down in the West Bengal Minor Minerals Rules 1973, regarding priority should, as far as possible, be followed.

8. An application for a permit shall be disposed of within fifteen days of its receipt. If the application is not so disposed of, it shall be deemed to have been refused and the application fee shall be refunded to the applicant.

9. District Authority may, so far as they do not materially conflict with these instructions and subject to future directions of the Government, adopt any procedure and delegate so much of his power to such officer as he thinks fit for the purpose of better administration, revenue collection and less loss due to unauthorised workings.

10. At the end of a financial year the Issuing Authority shall send to his next higher authority a statement giving a summary of the particulars regarding the permits issued. Such particulars shall, amongst other informations, contain the information regarding the total quantities of different minerals removed, the total revenue collected, and the total number of days needed for extracting the minerals. The District Authority concerned shall send a consolidated statement in this regard in triplicate to the Government in the Department of Commerce and Industries within three months after the end of the financial year.

11. The period of validity of any permit should commensurate with the amount of mineral to be removed.

12. No permit shall be issued for a period of over ninety days.

13. No permit shall be issued unless the royalty has been paid in advance.

14. Before issuing any permit in any forest area under the Forest Directorate, the Divisional Forest Officer concerned shall be consulted. In case of any disagreement with the Divisional Forest Officer, the matter shall be referred to the Government in the Department of Commerce and Industries.

15. On receipt of an intimation from any person in writing, expressing his desire for applying for a permit, the Issuing Authority shall arrange to send or hand over to the person two copies of the application form within seven days mentioning therein the rate of royalty for the time being

in force. 17. No quarry permit shall be issued over an area where the surface land does not belong to the Government or to the applicant unless the applicant produces along with the application a letter of consent from the owner of the land saying that he has no objection if minerals are extracted from his land or a copy of similar agreement with him.

18. When a quarry permit is returned after its expiry, it shall be collected by the issuing authority and the fact shall be noted in the register. All such quarry permits may be destroyed six months after the yearly statement had been sent.

SCHEDULE IV

(See rule 26)

1. The issuing authority may, if he thinks necessary, revoke a quarry permit before the date of expiry even when the quarry permit-holder is not guilty of contravention of any of the conditions of these clauses. In such case the royalty only in respect of the unextracted quantity of mineral shall be refunded to the quarry permit-holder by the issuing authority and no compensation shall be payable by the State Government in this regard.

2. Royalty is not refundable except as provided under clause 1.

3. Proper facilities shall be given by the quarry permit-holder to the Local Officers and staff of the Estate Acquisition Department of the District and of the Commerce and Industries Department of the State Government for measurement and checking of raisings and despatches and of accounts.

4. Instructions issued by the local officers of the Estate Acquisition Department, and Commerce and Industries Department as well as of the Forest Department, where the quarry lies within a forest area, shall be strictly followed.

5. The quarry permit-holder shall send by post or special messenger weekly statement of raisings and despatches to the issuing authority latest by Tuesday of the following week.

6. The quarry permit-holder shall maintain accounts of raisings, despatches, explosives used and register of labour in a form approved by the issuing authority. These accounts shall be readily available at the quarry site, whenever any person works there and shall, on demand, be produced to any officer or staff of the Estate Acquisition Department of the District and of the Commerce and Industries Department of this State Government. If any explosives are used, the explosive licence shall also be readily available at the quarry site for inspection by the aforesaid officers and also by the police officers.

7. The quarry permit-holder shall not employ any person who is not an Indian national nor shall he allow him to work in the mine or anywhere in connection with the mine. Such non-Indian nationals may however be employed with the previous approval of the Central Government.

8. The quarry permit shall be surrendered to the issuing authority within one week of the expiry of the validity and a receipt obtained therefor.

9. The quarry permit is not transferable.

10. If the issuing authority, after making such enquiry in such manner as he thinks fit and proper, finds that the quarry permit-holder has, either during the validity of the quarry permit or thereafter, removed more

mineral than the quantity authorised by the quarry permit he may demand from the quarry permit-holder an additional amount for the excess amount of mineral removed at a rate not exceeding ten times royalty rate at which the quarry permit has been issued. The quarry permit-holder shall on such demand make payment of the whole amount within two weeks of receipt of such demand and in case of failure such demand shall be recoverable as public demand.

The District Authority, however, will be competent to pass final order, either on his own initiative or on representation, in any such case involving Rupees One Hundred or less. The first demand for such additional royalty shall not be made after ninety days of the date of surrender of the permit.

11. The quarry permit-holder shall not interfere with the work of any lessee or any other permit-holder, who holds lease or permit in the area in respect of minerals other than the mineral for which his permit has been granted, nor shall be unreasonably interfered with the passage of any vehicle of any other person through his area without the consent of the Issuing Authority in writing.

12. The quarry permit-holder shall take all precautions regarding storage, conveyance and use of explosives and he shall be responsible for the safety of the workers and the general public. He shall abide by the instructions given by any officer of the Estate Acquisition Department or Commerce and Industries Department of the State Government regarding safety measures observed in the mine. He shall before actually using any explosive, intimate his intention to the Director-General of Mines Safety, P.O. Dhanbad (E. Rly.), Bihar. Any accident in his mine shall immediately be reported to the District Authority and to the Regional Inspector of Mines by telegram or through a special messenger giving all particulars about the accident.

13. The quarry permit-holder shall indemnify the Issuing Authority against any third party claim.

14. No trees shall be felled and removed and no public easement shall be interfered with except with the written consent of the issuing authority in this respect and he may attach such conditions to his consent as he thinks fit, and the conditions shall be binding on the permit-holder.

15. A quarry permit is valid from the date of signature of the issuing authority and that date shall be considered as the date of issue of the permit.

16. In case of any mistake or error apparent on the fact of the record, the issuing authority on his own motion may rectify any such mistake or error brought to his notice. In rectifying any such mistake or error the issuing authority, if satisfied that the interest of the quarry permit-holder or any other permit-holder or applicant would be prejudicially affected by such rectification, may give to the person such relief as he thinks fit and his decision in the matter shall be final.

17. In case of any dispute regarding the meaning or interpretation of these conditions, the matter shall be referred to the Government in the Department of Commerce and Industries and its decision in the matter shall be final.

18. The quarry permit-holder shall, during the subsistence of the permit and before its expiry, throw all the refuse from the mines into that part or parts of a quarry, which have reached a depth of at least 10 metres or wherefrom the mineral has been totally extracted and the back filling of the quarry shall be levelled and the land surrounding the quarry or the quarries in the area under the quarry permit shall be maintained almost at the same height and condition as it was before the excavation started, unless otherwise permitted by the authority issuing the quarry permit.

19. The quarry permit-holder shall not dig more than one excavation to start with and shall make every effort to either dig down to a depth of at least 10 metres or till the mineral has been exhausted. Where the depth of an excavation has exceeded 10 metres or where the mineral has exhausted, the excavation should be extended laterally instead of opening new excavation unless such opening of new excavation is considered by the quarry permit-holder to be unavoidable. Where a new excavation is started, the quarry permit-holder shall forthwith inform the authority issuing the quarry permit about such starting giving the reasons therefor. If the authority requires, the new excavation shall be stopped and work in the previous excavation or an excavation in a new area, as desired by the authority, shall be started.

20. Failure to comply with any of the conditions of the above clauses may result in cancellation of the quarry permit. When a quarry permit is so cancelled, no part of the royalty shall be refunded. Such failure may also disqualify the quarry permit-holder from holding any such quarry permit in future for definite or indefinite periods, as the Issuing Authority may decide.

The case made out in the written statement of Federation of Metal & Engineering Workers' Union (hereinafter referred to as the Union No. 1), is as follows :

The workmen mentioned in the list of reference and numbering 204 have been classified into 4 groups as follows :

Group 'A'—Workmen charge-sheeted and dismissed arbitrarily.

Group 'B'—Workmen refused work after withdrawal of lock-out, but subsequently dismissed.

Group 'C'—Workmen who were not allowed to join their duty after withdrawal of lock-out.

Group 'D'—Workmen who were retrenched.

It has been contended that during the pendency of the Trade Union movement by the workmen against the management for betterment of service conditions the management arbitrarily retrenched 61 workmen. It was followed by a lock-out declared from 1st October 1964 and steriotyped charge-sheets were framed and issued against the workmen. But there was no departmental enquiry in regard to any of the charge-sheets and many of the workmen were dismissed without notice or any intimation. Thereafter when the lock-out was withdrawn, the workmen went to resume their duties but all were not allowed to join their duties. Services of some of the workmen who resumed their duties after withdrawal of the lock-out were terminated without showing any reason or charge-sheet against them. Thereafter the dispute was raised by the workmen through their Union against such arbitrary and unjustified termination of services of a large number of workmen and following several representations, the present dispute has been referred to by the Government.

The case made out in the written statement of Kidderpore Engineering Sramik Union (hereinafter referred to as the Union No. 2), is as follows :

The service conditions in the Company were very deplorable and the Union No. 2 made consistent representation and organised Trade Union movements for betterment of such conditions of service of the workmen under the employment of the Company. To suppress such Trade Union movements the Company started victimization and as a sequel to that arbitrarily dismissed and retrenched a large number of workmen who have been grouped as follows :

1. Arbitrary dismissal of workmen charge-sheeted on 4th July 1964.
2. Arbitrary retrenchment on 15th September 1967 amounting to dismissal.
3. Arbitrary dismissal of workmen charge-sheeted on various dates starting from 30th September 1964.
4. Arbitrary dismissal of workmen after joining with effect from 24th May 1965 to 23rd July 1965.
5. Arbitrary dismissal of workmen without allowing them to resume their duties after November 1964.

It has been contended that on 15th September 1964 the management retrenched 61 workmen and against that other workmen started agitation against the management for their reinstatement, but instead of coming to any settlement the Company abruptly declared lock-out on and from 1st October 1964 and started issuing charge-sheets against the workmen. On 5th November 1964 the Company lifted lock-out without coming to any settlement and the workmen went on consequent strike for settlement of dispute including those arising out of lock-out. Subsequently, in December 1964 under the direction of the Union No. 2 the workmen went to resume their duties but were not allowed and they were told by the Company that they had been dismissed from the services of the Company.

The first written statement of the Company has been filed in reply to the written statement of the Union No. 1. The Company have denied and disputed the material allegation made by the Union No. 1 and have contended inter alia that on 17th September 1964 the Company retrenched 61 workmen due to closure of the Furnace Department for bona fide trade reasons, that it was followed by a stay-in-strike coupled with numerous acts of violence by the workmen, that the charge-sheets were issued against 134 workmen for their acts of misconduct and that in course of conciliation proceedings a tripartite agreement was entered into with the National Union of Steel Engineering Workers representing the workmen It has been submitted that it was provided in that settlement that the services of the 134 workmen who were charge-sheeted would stand terminated subject to further condition that 30 out of such workmen should be re-employed if reported for duty within 10 days. Those who reported were allowed to resume their duties and others who failed were treated as having left the services voluntarily. It is also the case of the Company that many of the workmen did not resume their duties after the lock-out was lifted, that 2 of the workmen resigned from service, that one went on sick leave and did not resume, that one still in service of the Company, 17 listed in the Order of Reference, are not in the rolls of the Company and that the rest are not covered by the settlement, dated 22nd June 1966.

The second set of written statement filed by the Company in reply to that of the Union No. 2 contains similar allegations as above.

Before entering into the merits of the case let me deal with the technical objections raised by the Company against the validity of the reference. The first point urged before me is that according to both the Unions this is a case of lock-out and not termination of services, and as such the Order of Reference is bad. After going through the record I am unable

to accept the contention of the learned Lawyer for the Company. He has drawn my attention to paragraph 21 of the written statement of the Union No. 1 and paragraph 34 of the Union No. 2. But nowhere in those paragraphs of the written statement the Unions pleaded that due to lock-out the workmen could not resume their duties. That apart when State Government has framed the reference for termination of services the factual existence of the dispute cannot be challenged by the Company. It has been led down by the Supreme Court in the case of Delhi Cloth & General Mills Company vs. their workmen reported in 1961 Vol II LLJ., page 423 that Tribunal cannot widen the scope of enquiry beyond the terms of reference and parties cannot be allowed to challenge the very basis of the issue set forth in the Order of Reference. Therefore, it is not open to the Company to say that the dispute was a case of lock-out and not termination of services of 204 workmen listed in the Order of Reference. So the first point fails.

The second technical point urged before me is that no demand was placed by the Union or the workmen with the management before referring the dispute to the Labour Department. The learned Lawyer for the Company has drawn my attention to paragraph 26 of the written statement of the Union No. 1 and paragraph 36 of the Union No. 2. But paragraphs 24 and 25 of the written statement of the Union No. 1 clearly indicate that the workmen, through their Union, raised the dispute before the management. Similarly, paragraph 36 of the Union No. 2, referred to by the Company, also indicates that the workmen and the Union tried to reason with the management before making representation to the Labour Directorate. It is also to be noticed that allegations in paragraph 36 of the written statement of Union No. 2 have not been traversed by the Company. It is, however, true that in the evidence of P.W. 1 Ganga Singh and P.W. 2 Srikanta Rajbhar there is no clear and specific statement that the workmen or the Union placed the demand with the management before referring the dispute to the Labour Department. But P.W. 3 Chotelal has clearly stated that he approached the Company after retrenchment but to no effect. Similar is the evidence of P.W. 4 Nisar Ahmed.

Against such oral evidence the Company has also denied through their witness O.P.W. 1 S. R. Pandey that no demand was placed by the workmen to the management against the termination of services. It is also true that in this case there is no written document which the Union could file to show that they raised the dispute with the management before coming to the Labour Department. But it is not always necessary to place the demand in writing before the management. Having regard to the magnitude of the dispute concerning 204 workmen I am inclined to accept the testimony of P.W. 3 Chotelal and P.W. 4 Nisar Ahmed in preference to that of O.P.W. 1 S. R. Pandey.

Last but least is the document Ext. G, a Memorandum of Settlement executed on 22nd June 1966 and strongly relied upon by the Company in this case. This very document goes to show a dispute was raised with the employer over issue of 134 charge-sheeted workmen whose services were ultimately terminated.

Considering all these evidence, I am of the opinion that the workmen placed their demand with the management before coming to the Labour Department of the Government for redress. That being so, the present case does not come within the mischief of the decision reported in 1968 L.L.J., Vol. II page 834.

That takes us to the merits of the case. Altogether 204 workmen have been mentioned in the Order of Reference. The Union No. 1 in its written statement has classified such workmen in 4 groups as stated earlier. But it has not clearly stated as to which workers fall under which group and no evidence has been led to make the position clear. Similarly, the Union No. 2 has also classified the workmen in 5 groups stated above, but no details are forthcoming in evidence. On the other hand the Company in their additional written statement has grouped the workers in 8 groups and given the details of such groups. But in evidence a different picture has emerged and after going through the evidence of O.P.W. 1 S. R. Pandey, the Time office in-charge of the Company, O.P.W. 6 T. B. Lama, the clerk and the documents marked Exts. G, H and P to P(4), I have been able to gather as follows:

(1) 74 workmen were included in the Tripartite Settlement, dated 22nd June 1966 (Ext. G) and their services were said to have terminated by such settlement which included 134 charge-sheeted workmen.

(2) 53 workmen were said to have joined after the lock-out was lifted but subsequently absented without notice and their services stood terminated under the Standing Orders of the Company (Ext. 1). The list of such workmen is included in Ext. P(1).

(3) 34 workmen did not resume their duties after the lock-out was lifted and they have been included in Ext. P.

(4) 12 workmen have been duplicated in the Order of Reference and their names are included in Ext. P(2).

(5) 17 workmen are not on the roll of the Company and their names have been listed in Ext. P(3).

(6) 10 workmen were previously retrenched, that is to say, 9 on 17th September 1964 when the Electric Furnace was closed down and 1 on 22nd August 1964. Their names have been listed in Ext. P(4).

(7) 1 workman, namely serial No. 4, Ghomandi Rajbhar went on sick leave from 21st November 1964 to 9th December 1964 and did not resume thereafter.

(8) 2 workmen, namely Serial No. 160, Lalta Prosad and Serial No. 133 Dholi or Dubbey Rout resigned from services.

(9) 1 workman, namely Serial No. 144 Sk. Azim is still in service of the Company.

Now let me take the first category of workmen whose services are said to have been terminated under the agreement. Before that it would be convenient to state that the undisputed position emerged from the evidence in this case is that on 17th

September 1964, 61 workmen were retrenched as a result of the closure of Electric Furnace Department of the Company (vide Ext. A) and that followed a labour unrest including stay-in-strike which culminated in the lock-out of the factory on and from 1st October 1964. The lock-out was ultimately lifted on 5th November 1964 about which there is no dispute. It is also the undisputed position in evidence that prior to that lock-out 134 workmen were charge-sheeted. It is in the evidence of O.P.W. 1 that there was no departmental enquiry upon those charge-sheets but the matter was negotiated with National Union of Steel & Engineering Workers and a tripartite settlement was executed as a result of which the services of 134 were terminated with the option to re-employ 30 out of them. It is the case of the Company that none in the present Order of Reference is included in those 30 who did not join inspite of the agreement. Both the Unions have assailed the agreement, Ext. G saying, in the first place, that they were not parties to the agreement and secondly, that the National Union of Steel & Engineering Workers was not in existence in the Company. To meet the second objection the Company has produced before me as many as 12 agreements, 4 of which are bipartite and 8 tripartite to show that the National Union was very much in existence at the relevant point of time. This fact has also been corroborated by O.P.W. 1, and on the fact of such overwhelming evidence I am bound to hold that the National Union was in existence at the time of the present dispute and actually executed the settlement (Ext. G). Secondly, as this Ext. G is a tripartite one, the workmen in the present case has no escape although the Unions 1 and 2 representing them in the present dispute were not parties to that agreement. As the agreement was a tripartite one, all the workmen of the Company are bound by that under the law. The decision reported in 1972(I) L.L.J. 99 (at pages 100 and 101) and relied upon by the Unions, has no application to the present case. In the reported decision the settlement was bipartite and arrived at otherwise than in course of conciliation proceedings.

Once that conclusion is reached 74 workmen listed in Ext. H and included in the agreement, Ext. G, of the present reference have no escape and the termination of their services should be taken as valid and justified under the law. P.W. 1 Ganga Singh (serial No. 44) P.W. 2 Srikanta Rajbhar (serial No. 3), P.W. 4, Nisar Ahmed (serial No. 28) all come within the list, marked Ext. H and covered by the agreement, Ext. G.

Then comes the case of the 53 workmen who, according to the Company, joined after the lock-out was lifted but subsequently absented without leave or notice. The case of the Company is that under sub-rule 4 to rule (b) of section C of the Standing Order (vide page 5 of Ext. I) the services of those workmen stood terminated. The said rule provides that any workman who absents without permission for more than 10 calendar days shall be deemed to have left the service of the Company of his own accord. The Unions, have faintly tried to assail the Standing Order by submitting that that was not validly adopted by the Company. But having read the evidence of O.P.W. 2 S. R. Singh, the Labour Officer of the Engineering Association of India, I am unable to sustain the objection of the Unions. It is his positive evidence that the present Company is a member of the Engineering Association of India and adopted the certified Standing Order, and that fact was communicated to the Labour Commissioner by a letter, dated 13th December 1957 (marked Ext. L). That being so, it must be taken that Ext. I is the Standing Order regulating the terms and conditions of the services of the workmen employed under the Company. The list of such 53 workmen have been given in Ext. P(1). None in that list has been examined before me. One Chotelal, P.W. 3 and serial No. 21 in the reference has been examined in this case and his evidence is that he resumed his duties after the lock-out was lifted but one year thereafter he was retrenched without any charge-sheet. The name of this Chotelal with serial No. 21 appears in the additional written statement of the Company under the heading 'Absent without leave'. But that does not tally with Ext. P(1). Moreover, it is the evidence of P.W. 3, as already stated, that after retrenchment he approached the Company for reinstatement but to no effect. The Company could not prove that his retrenchment was according to law under section 25F of the Act. It was suggested to P.W. 3 Chotelal that he left the service of his own accord but he denied such suggestion. In the fact of his positive evidence it must be taken that his retrenchment was not made according to law. As regards others no one has come before me to say that their services were terminated illegally or that the relevant provision of the Standing Order referred to above was not correctly applied in their case. None on behalf of the Unions or any witness competent to say about those 53 workmen also came forward to substantiate their case of alleged illegal termination of services. In that view of the matter, on the basis of the unrebutted evidence of O.P.W. 1 and the provision of the Standing Order it must be taken that 53 workmen discussed under this category shall be deemed to have left the services of the Company of their own accord under the provisions of the Standing Orders. This disposes of the cases of 53 workmen excluding P.W. 3 Chotelal whose services were not terminated according to law.

Then comes the case of 34 workmen who, according to the Company, did not resume their duties after the lock-out was lifted. Such workmen have been listed in Ext. P. O.P.W. 1 has stated in his evidence that those workmen are serial Nos. 2, 8, 12, 13, 43, 54, 55, 79, 89, 93, 95, 99, 100, 112, 113, 119, 121, 140, 150, 151, 152, 154, 155, 157, 158, 162, 163, 167, 181, 182, 187, 191, 16 and 168 of the Order of Reference. Among them only P.W. 5 Kanailal Patra, serial No. 54 has been examined before me, and it is his evidence that after the lock-out was lifted he reported for duty but was not allowed to join. The remaining 33 have not been examined before me and the evidence of O.P.W. 1 regarding their non-assumption of duties after the lock-out was lifted has not been challenged in cross-examination. In this state of evidence I am inclined to hold that P.W. 5 Kanai Lal Patra alone reported for duty after the lock out was lifted but was refused employment whereas the remaining 34 did not resume their duties after such lifting of the lock-out. That being so, the services of 33 workmen under this category should be deemed to have been validly terminated under the provisions of the Standing Order of the Company. But the case of P.W. 5 Kanai Lal Patra stands on a different footing. In view of the evidence discussed above, I hold that the termination of his services was not justified according to law.

That takes us to the case of 12 workmen whose names have been indicated twice in the Order of Reference and included in Ext. P(2). It is the unchallenged evidence of O.P.W. 1 that serial Nos. 14 and 18 are one and the same person. Similarly, serial Nos. 60 and 147 are one and the same person, 67 and 174 are one and the same person, 71 and 194 are one and the same person, 111 and 161 are one and the same person, 131 and 175 are one and the same person, 75 and 58 are one and the same person, 10 and 141 are one and the same person, 140 and 197 are one and the same person, 31 and 96 are one and the same person and 21 (should be 22) and 124 are one and the same person. So his evidence corroborates Ext. P and goes unrebutted. That takes out the case of 12 workmen, whose names have been duplicated, from out consideration.

Then comes the case of 17 workmen not on the roll of the Company. According to O.P.W. 1 they are serial Nos. 5, 7, 86, 97, 110, 118, 142, 143, 145, 146, 148, 156, 159, 166, 172, 178, 186 and 203 of the Order of Reference. His evidence in this regard has not been challenged in cross-examination and stands corroborated by Ext. P(3). The Unions could not adduce any evidence whatsoever to show that anyone or all of them were on the roll of the employees. That being so, they are not entitled to any relief in this case.

Next comes the case of 10 workmen, 9 of whom were retrenched on 17th September 1964 following the closure of Electric Furnace and one on 22nd August 1964. Their names have been listed in Ext. P(4). It is the evidence of O.P.W. 1 that retrenchment notices were duly displayed (vide Exts. A, A-1 and A-2) and P Form (Ext. B) was duly submitted to the appropriate authority. It is also his evidence that retrenchment benefits under the law were offered to them and all but 2 accepted the same. This is also corroborated by O.P.W. 6 T. B. Lama and admitted by P.W. 2 Srikanta Rajbhar. The Unions could not adduce any evidence whatsoever to show that the retrenchment of those workmen were not according to law or that the provisions of section 25F were not complied with. Needless to say that none of those 10 workmen has been examined before me. In such a state of evidence it must be held that the retrenchment of those 10 workmen listed in Ext. P(4) was valid and legal.

It is the case of the Company that one workman, namely serial No. 4 Ghomandi Rajbhar proceeded on sick leave from 21st November 1964 to 9th December 1964 and did not resume thereafter. This has been substantiated by the evidence of O.P.W. 1 and corroborated by O.P.W. 6. There is no evidence on the side of the Unions to rebut that position. In that view of the matter, it must be accepted that the services of such workmen stood terminated under the provision of the Standing Order of the Company.

That takes us to the case of 2 workmen, namely serial No. 160 Lalta Prosad and serial No. 133 Dholi Rout. According to the Company they resigned from the services of the Company. To substantiate that the Company have led oral evidence through O.P.W. 1 and O.P.W. 6 and also produced the two resignation letters in question. Exhibit J is the resignation letter submitted by Dholi Rout and Ext. J-1 is that submitted by Lalta Prosad. None of them has come to challenge those documents or to say that they did not resign from the services of the Company. The Unions also could not adduce any evidence to show that such resignation letters are not genuine or that those 2 workmen were wrongfully prevented from joining the duties of the Company. In such a state of evidence I must accept that Lalta Prosad and Dholi Rout resigned from the services of the Company.

Finally comes the case of Serial No. 144 Sk. Azim who, according to the Company, is still in the service of the Company. This has been proved by the evidence of O.P.W. 1 and corroborated by O.P.W. 6. Against that there is no evidence on the side of the Unions to show that his services were terminated by the Company or that he is no longer in the employment of the Company. In such a state of evidence I am bound to conclude that serial No. 144 Sk. Azim is still in the service of the Company.

In view of my aforesaid findings the position reduces to this that only the services of P.W. 3 Chotelal and P.W. 5 Kanai Lal Patra were illegally terminated, and accordingly they are entitled to reinstatement with full back wages and other monetary benefits permissible under the law for the period of their unemployment. As regards others, the Unions could not substantiate their case and so they are not entitled to any relief in this case.

To sum up, serial No. 21 Chotelal and serial No. 54 Kanai Lal Patra described in Schedule A below are entitled to the relief stated hereinbefore. The remaining workmen including those whose names have been duplicated in the Order of Reference and who are not entitled to any relief are described in Schedule B below.

This is my award.

Issue

Whether the termination of service of Md. Nasiruddin is justified ? To what relief, if any, is he entitled ?

On receipt of the reference usual notices were served upon the parties, they entered appearance in course of time and put in their respective written statement to contest the case. The terms of compromise appear to me fair and reasonable and should be accepted.

Accordingly, I hold that the dispute has been settled on the basis of the compromise between the parties and the reference may be disposed of in

This is my award.

অধ্যাপক বসুর জন্ম হয়েছিল ১৮৯৪ খ্রীস্টাব্দে। শিক্ষাজীবনে প্রভূত কৃতিত্ব প্রদর্শনের পর তিনি যখন মাত্র ত্রিশ বৎসরের যুবক তখন তিনি বিজ্ঞানে তাঁর অবদান ও বসু-আইনস্টাইন সংখ্যাতত্ত্বের জন্য আন্তর্জাতিক খ্যাতি অর্জন করেন। ১৯১৫ খ্রীস্টাব্দে এম এস-সি উপাধি লাভের অব্যবহিত পরে স্যার আশুতোষ মুখোপাধ্যায়ের উদ্যোগে তিনি কলিকাতা বিশ্ববিদ্যালয়ে পদার্থবিজ্ঞানের অধ্যাপক নিযুক্ত হন। ১৯২১ খ্রীস্টাব্দে নবগঠিত ঢাকা বিশ্ববিদ্যালয়ে পদার্থ-বিজ্ঞানের রীডার হিসাবে যোগদানের পূর্ব পর্যন্ত কলিকাতা বিশ্ববিদ্যালয়ের পদার্থবিজ্ঞান বিভাগ গ'ড়ে তোলার কৃতিত্ব ছিল বহুলাংশে তাঁর।

সংখ্যাতত্ত্ব সম্পর্কিত তাঁর গবেষণামূলক প্রবন্ধ আইনস্টাইনের দৃষ্টি আকর্ষণ করার পর ১৯২৪ খ্রীস্টাব্দে তিনি ইউরোপ যান এবং সেখানে আইনস্টাইন ও মাদাম ক্যুরির মত প্রসিদ্ধ বৈজ্ঞানিকগণ কর্তৃক সাদরে অভ্যর্থিত হন। দেশে প্রত্যাবর্তনের পর তিনি ঢাকা বিশ্ববিদ্যালয়ের পদার্থবিজ্ঞানের প্রধান অধ্যাপক পদে নিযুক্ত হন এবং ১৯৪৫ খ্রীস্টাব্দ পর্যন্ত তিনি সেই পদে অধিষ্ঠিত থাকেন। ১৯৪৬ খ্রীস্টাব্দে অধ্যাপক বসু পদার্থবিজ্ঞানের খয়রা-অধ্যাপকরূপে পুনরায় কলিকাতা বিশ্ববিদ্যালয়ে যোগ দেন।

১৯৪৮ থেকে ১৯৫০ পর্যন্ত তিনি ছিলেন ভারতের জাতীয় বিজ্ঞান সংস্থার সভাপতি এবং ১৯৫১ সালে তিনি রাষ্ট্রসঙ্ঘের শিক্ষা, বিজ্ঞান ও সংস্কৃতি বিষয়ক সংস্থার একটি কমিটির গুরুত্বপূর্ণ অধিবেশনে যোগদানের জন্য প্যারিসে যান। দুই বৎসর পরে তিনি পুনরায় ইউরোপ ভ্রমণে যান এবং ঐ মহাদেশের বিভিন্ন নগরীতে অবস্থিত বৈজ্ঞানিক গবেষণাগারগুলির কাজ পরিদর্শন করেন। ১৯৫৬ থেকে ১৯৫৮ পর্যন্ত তিনি ছিলেন বিশ্বভারতী বিশ্ব-বিদ্যালয়ের উপাচার্য। ১৯৫৪ সালে ভারত সরকার তাঁকে পদ্মবিভূষণ উপাধি দ্বারা সম্মানিত করেন। ১৯৫৮ সালে তিনি রয়াল সোসাইটির ফেলো নির্বাচিত হন এবং ঐ একই সালে তিনি জাতীয় অধ্যাপক মনোনীত হন। তাঁকে একবার রাজ্যসভার সদস্যপদেও মনোনীত করা হয়েছিল।

অধ্যাপক সত্যেন্দ্রনাথ বসু শুধু বিরল প্রতিভার অধিকারীই ছিলেন না, তিনি আমাদের দেশের প্রাচীন ঐতিহ্যের ধারক রূপে সুদৃঢ় নীতিবাদের উপাসক এবং উদার মতবাদসম্পন্ন মানুষ ছিলেন। মূলত পদার্থবিজ্ঞানী হ'লেও রসায়ন, জীববিজ্ঞান, খনিবিজ্ঞান, ভূমিবিজ্ঞান, দর্শন, প্রত্নতত্ত্ব, চারুকলা, সাহিত্য ও সংগীত প্রভৃতি বিভিন্ন বিষয়ের উন্নতি সাধনে তাঁর গভীর আগ্রহ ছিল। তিনি জনসাধারণের মধ্যে বিজ্ঞানের প্রসারে বিশেষ আগ্রহী ছিলেন ব'লে বাংলা ভাষার প্রচার ও প্রসারের তিনি ছিলেন বড় প্রবক্তা। সহজ বাংলায় তিনি বিজ্ঞানের জটিলতত্ত্ব সম্বন্ধে যে সব মনোরম প্রবন্ধ লিখেছিলেন সেগুলি স্বয়ং রবীন্দ্রনাথের মনোযোগ আকৃষ্ট করেছিল এবং এই জাতীয় কাজে তাঁর কৃতিত্বের স্বীকৃতিস্বরূপ কবিগুরু তাঁর 'বিশ্ব পরিচয়' নামক প্রাথমিক বিজ্ঞানের বইটি অধ্যাপক বসুর নামে উৎসর্গ করেছিলেন। তাঁর মৃত্যুর ফলে যে স্থান শূন্য হ'ল তা পূর্ণ করা কঠিন হবে।

রাজ্যপাল ও মন্ত্রিমণ্ডলী শোকসন্তপ্ত পরিবারকে গভীর সমবেদনা জানাচ্ছেন।

It is hereby enacted in the Twenty-fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Amendment of the preamble of West Ben. Act II of 1948.

2. In the West Bengal Land (Requisition and Acquisition) Act, 1948 (hereinafter referred to as the said Act), for the existing preamble, the following preamble shall be substituted, namely:—

life of the community, increasing employment opportunities for the people by establishing commercial estates and industrial estates in different areas, providing proper facilities for transport, communication, irrigation or drainage and creating better living conditions in urban or rural areas by the construction or reconstruction of dwelling places in such areas or for purposes connected therewith and incidental thereto;".

Amendment of section 3.

3. In sub-section (*1*) of section 3 of the said Act, after the words "of the community", the words "or for increasing employment opportunities for the people by establishing commercial estates and industrial estates in different areas" shall be inserted.

Insertion of new section 8B.

4. After section 8A of the said Act, the following section shall be, and shall be deemed always to have been, inserted, namely:—

"On account payment of compensation in advance.

8B. (*1*) Where the State Government requisitions any land under sub-section (*1*) of section 3 and decides to acquire it under sub-section (*1a*) of section 4, it may, notwithstanding anything contained in the foregoing provisions of this Act, immediately after taking possession of such requisitioned land—

(*ii*) make a summary inquiry about the person or persons interested in such land,

and after taking such security as it may think fit and proper, make to such person or persons advance (on account) payment towards compensation up to eighty *per centum* of the aforesaid amount:

Provided that nothing in this section shall affect the liability of any person, who receives compensation in advance in the manner indicated above, to pay the same to the person lawfully entitled thereto.

(*2*) A Collector, when authorised by the State Government in this behalf, may exercise within his jurisdiction the powers conferred by sub-section (*1*).".

Repeal and savings.

5. (*1*) The West Bengal Land (Requisition and Acquisition) (Amendment) Ordinance, 1973, is hereby repealed. West Ben. Ord. XIV of 1973.

(2) Anything done or any action taken under the said Act as amended by the West Bengal Land (Requisition and Acquisition) (Amendment) Ordinance, 1973, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 22nd day of December, 1973.

STATEMENT OF OBJECTS AND REASONS.

The West Bengal Land (Requisition and Acquisition) Act, 1948 (West Ben. Act II of 1948) was amended by the promulgation of the West Bengal Land (Requisition and Acquisition) (Amendment) Ordinance, 1973 (West Bengal Ordinance No. XIV of 1973) so that—

(i) requisition and acquisition of land can be made for the purpose of increasing employment opportunities for the people by establishing commercial estates and industrial estates in different areas; and

(ii) on account payment of compensation in advance can be made to mitigate the hardship of the affected persons.

2. The Bill seeks to enact the provisions of the aforesaid Ordinance.

CALCUTTA,
The 14th February, 1974.

GURU PADA KHAN,
Member-in-charge.

FINANCIAL MEMORANDUM.

Under clauses 2 and 3 of the West Bengal Land (Requisition and Acquisition) (Amendment) Bill, 1974, it is proposed to amend the West Bengal Land (Requisition and Acquisition) Act, 1948 (West Bengal Act II of 1948) so as to enable the State Government to requisition and acquire land under the aforesaid Act for the purpose of increasing employment opportunities for the people by establishing commercial estates and industrial estates in different areas.

2. It is not possible to estimate at this stage the expenditure that the State Government may have to incur for requisitioning and acquisition of land under the Act for the aforesaid purpose as it is difficult to say how much land would be requisitioned and acquired by the State Government for the said purpose.

3. Under clause 4 of the Bill, it is proposed to amend the Act so as to authorise, with retrospective effect, advance (on account) payment of compensation up to 80 per cent. of the amount likely to be determined as compensation under the Act, after possession of any land has been obtained by requisitioning and the State Government decides to acquire the land.

4. This provision does not involve any additional financial liability on the State Government. On the other hand, it will save the State Government from payment of a considerable amount in the shape of interest payable to the persons interested.

BILL

to amend the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947.

WHEREAS it is expedient to amend the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the purpose and in the manner hereinafter appearing; West Ben. Act V of 1947.

It is hereby enacted in the Twenty-fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. 1. This Act may be called the West Bengal Premises Requisition and Control (Temporary Provisions) (Amendment) Act, 1974.

Amendment of section 1 of West Ben. Act V of 1947. 2. In sub-section (4) of section 1 of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the words and figures "the 31st day of March, 1974", the words and figures "the 31st day of March, 1979" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The life of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947 (West Ben. Act V of 1947), is due to expire after the 31st March, 1974. As the housing problem in the State is still acute and as it is often extremely difficult to find accommodation for public purposes by private treaty, it is necessary that the powers obtained under the Act should be retained for a further period of five years, that is to say, up to the 31st day of March, 1979.

2. The Bill has been framed with the above object in view.

CALCUTTA,

FINANCIAL MEMORANDUM.

Under clause 2 of the Bill the life of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947 (West Ben. Act V of 1947), is sought to be extended by a further period of five years beyond the 31st March, 1974. The Act, by itself, does not entail any financial liability on the State Government. Although the initial responsibility for payment of compensation to the landlords for premises requisitioned under the Act rests on the State Government, the entire cost is ultimately recoverable from the persons in occupation of the requisitioned premises.

Amount to be paid.

8. Where the right of using water for purposes of irrigation of any tank has been acquired under section 4, there shall be paid to the owner and every person interested in such tank, an amount which may be determined by the Collector at the rate of rupee one per 0.4 hectares of the total area of the tank.

The West Bengal Tanks (Acquisition of Irrigation Rights) Bill, 1974.

(Clauses 12, 13.)

Power to make rules.

12. The State Government may make rules for carrying out the purposes of this Act.

Repeal and savings.

STATEMENT OF OBJECTS AND REASONS.

With a view to facilitating re-excavation of private derelict tanks and ensuring supply of irrigation water therefrom to adjoining lands, the Governor was pleased to promulgate the West Bengal Tanks (Acquisition of Irrigation Rights) Ordinance, 1973 (West Bengal Ordinance No. VIII of 1973) as the State Legislative Assembly was not in session and the matter was considered very urgent.

2. The Bill seeks to enact the provisions of the said Ordinance.

GURU PADA KHAN,

CALCUTTA,
The 14th February, 1974.

FINANCIAL MEMORANDUM

Clause 8 of the Bill provides for payment for acquisition of the right of using water of any derelict tank at the rate of Re. 1 per 0.4 hectare of the total area of the tank. It is not possible to estimate at this stage the total area of such derelict tanks whose irrigation rights will be acquired under the present legislation. The amount to be paid will obviously be very small.

THE WEST BENGAL REQUISITIONED LAND (CONTINUANCE OF POWERS) (AMENDMENT) BILL, 1974.

to amend the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951.

WHEREAS it is expedient to amend the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951, for the purpose and in the manner hereinafter appearing; West Ben. Act VIII of 1951.

It is hereby enacted in the Twenty-fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the West Bengal Requisitioned Land (Continuance of Powers) (Amendment) Act, 1974.

Amendment of section 1 of West Ben. Act VIII of 1951. **2.** In sub-section (3) of section 1 of the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951, for the words "twenty-three years", the words "twenty-five years" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The life of the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951 (West Ben. Act VIII of 1951), is due to expire after the 31st March, 1974. The Act provides for continuance of requisition in respect of properties requisitioned under the Defence of India Act, 1939 (35 of 1939) and held under requisition for a public purpose, and their subsequent acquisition. As a considerable area of land and a number of buildings are subject to continued requisition under the Act and as it has not been possible either to de-requisition the lands and buildings or to acquire them permanently, it has become necessary to keep the Act alive for a further period of two years up to the 31st March, 1976.

2. The Bill has been framed with the above object in view.

The Bill, by itself, does not involve any additional liability although compensation will have to be paid in accordance with the provisions of the Act for keeping the properties under continued requisition as also for acquisition when such properties are permanently acquired.

2. It is not possible to estimate at this stage the expenditure that the State Government may have to incur for keeping the properties under requisition or for acquiring them as it is difficult to say when and which of the properties under requisition would be released from requisition or acquired permanently under the provisions of the Act.

WHEREAS it is expedient to amend the Rice-Milling Industry (Regulation) Act, 1958, in its application to West Bengal, for the purposes and in the manner hereinafter appearing; 21 of 1958.

It is hereby enacted in the Twenty-fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

17A. An offence punishable under this Act or any rule or order made thereunder shall be cognizable and non-bailable.".

Repeal and savings.

5. (*1*) The Rice-Milling Industry (Regulation) (West Bengal Amendment) Ordinance, 1974, is hereby repealed. West Ben. Ord. II of 1974.

(*2*) Anything done or any action taken under the said Act as amended by the Rice-Milling Industry (Regulation) (West Bengal Amendment) Ordinance, 1974, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 25th day of January, 1974.

STATEMENT OF OBJECTS AND REASONS.

No person can carry on rice-milling operations with the aid of power, either in a rice mill or in a paddy-husking machine without a licence under the Rice-Milling Industry (Regulation) Act, 1958 (Central Act 21 of 1958). The provisions of the Act not being stringent enough, unlicensed mills have continued to come up and operate in West Bengal for the purpose of facilitating profiteering in rice. It has, therefore, been found necessary to make some of the provisions of the Act more stringent in their application to West Bengal so as to prevent effectively commission and recurrence of offences against the law.

In order to bring about the desired change an Ordinance called the Rice-Milling Industry (Regulation) (West Bengal Amendment) Ordinance, 1974 (West Bengal Ordinance No. II of 1974), was promulgated on the 22nd January, 1974 and published in the "Calcutta Gazette, Extraordinary," of the 25th January, 1974. The Ordinance has amended the Act, in its application to West Bengal, so as to make the offence of running an unlicensed mill both cognizable and non-bailable and to invest the enforcement machinery with powers to seize and/or seal such an unlicensed mill and its accessories and available stocks of rice and paddy used in contravention of the law.

The Rice-Milling Industry (Regulation) (West Bengal Amendment) Bill, 1974 seeks to replace the Ordinance.

STATEMENT OF OBJECTS AND REASONS.

About eighty-four per cent. of the industrial establishments working in the State of West Bengal are located in the Calcutta industrial area which includes portions of the districts of Howrah and 24-Parganas. The balance of sixteen per cent. are spread out over the remaining portion of the State. To remove this regional imbalance in the growth and development of industries in the State, the Government of West Bengal brought into operation the West Bengal Incentive Scheme, 1971, offering a package of financial incentives to attract enterpreneurs in the backward districts of the State. The Central Government have also introduced a scheme of granting fifteen per cent. subsidy on capital assets in the districts of Purulia, Nadia and Midnapore which have been declared as backward districts. To enable the flow of finances to come from public financing institutions at concessional rates, the Central Government have declared the entire State of West Bengal except Calcutta and the districts of Howrah and 24-Parganas as backward areas, but all these special efforts and financial concessions have not proved themselves to be sufficiently adequate and attractive to lure the entrepreneurs away into the backward districts.

In the above context, it has been keenly felt that to facilitate the establishment, growth and development of industries in the backward districts, the State Government should, in addition to aforesaid special steps, simultaneously build up adequate infra-structures in the backward districts in the shape of developed industrial areas with sufficient supply of water, electric powers, good roads and communications, buildings, sheds, sewerages and other kinds of modern civic facilities and amenities to attract entrepreneurs in a big way, and with this end in view the West Bengal Industrial Infra-structure Development Corporation Ordinance, 1973 (West Bengal Ordinance No. IX of 1973), was promulgated by the Governor of West Bengal and published in the *Calcutta Gazette, Extraordinary,* of the 16th November, 1973 and a statutory corporation called the West Bengal Industrial Infra-structure Development Corporation has been set up with effect on and from the 19th November, 1973. The functions of the Corporation shall mainly extend to the backward districts of the State and shall be—

(a) generally to develop industrial infra-structure for expeditious and orderly establishment, growth and development of industries, trade and commerce on well-planned basis in the State,

(b) to develop industrial areas for the purpose of new growth centres and make the same available for industrial and commercial undertakings and trading concerns to enable them to establish industries and to carry on trade and commerce thereon,

(c) to undertake development work, in respect of any particular area (covered by growth centre) in relation to—

(*i*) reclamation and improvement of lands,

(*ii*) water supply,

(*iii*) drainage,

(*iv*) captive power generation and supply,

(*v*) roads,

(*vi*) transport and communication,

(*vii*) housing accommodation, and

(*viii*) making provisions for other kinds of modern facilities and amenities to make growth centres particularly suitable and attractive for growth of industrial and commercial undertakings therein.

It is desirable that the corporation shall have also power to acquire, hold and transfer any property, as such corporation may deem necessary, for the discharge of any of its aforesaid proposed functions. The State Government may also make grants, loans and advances to such a corporation to enable it to discharge its proposed functions efficiently. Such corportion may also be empowered to borrow money in the open market or from bank or any other

financial institutions with a view to provide itself with adequate resources to carry out its proposed objects. To enable the corporation to acquire lands speedily, special provisions shall have to be made. Provisions should also be made, among other things, to empower the corporation to control development of land and building within the areas that may be developed by such corporation for growth and development of industries therein.

The present Bill has been brought to replace the West Bengal Industrial Infra-structure Development Corporation Ordinance, 1973 (West Bengal Ordinance IX of 1973), by enactment of the West Bengal Industrial Infra-structure Development Corporation Act, 1974. (in order the said Ordinance shall be deemed to have been validly done or taken under this Act as if this Act had commenced on the 16th day of November, 1973).

FINANCIAL MEMORANDUM.

The functions of the West Bengal Industrial Infra-structure Development Corporation, amongst other things, include acquisition of lands, development of such lands for industrial areas for the purposes of new growth centres, and to make such areas available for industrial and commercial undertaking and trading concerns to enable them to establish industries and to carry on trade and commerce thereon. It would be one of the main functions of the corporation to provide such industrial areas with sufficient supply of water, electric power, good roads, drainage, housing accommodation, buildings, sheds, sewerages and other kinds of modern civic amenities to attract entrepreneurs to the backward districts in a big way. It has been further proposed that the State Government may make some subvention, grants, loans and advances to the proposed corporation. It has been also provided that the corporation shall have powers to borrow money in the open market and from banks and other financial institutions with or without the State Government guarantee. Provisions have been also made for the State Government paying the compensation for acquisition of lands by the proposed corporation.

While the firm estimates about the amount of compensation that may be required to be paid by the State Government for acquisition of lands for the corporation for development are yet to be worked out, a tentative provision of Rs. 30 lakhs has been provided in the State Annual Plan, 1974-75, for payment of compensation for acquisition of 600 acres of land in the first phase in new growth centres having immediate possibilities for industrial development. Having considered the development programme of the corporation for the year 1974-75, provisions of Rs. 50 lakhs for development of land and administrative expenses of the corporation and Rs. 27.90 lakhs for Haldia water supply scheme to be implemented by the corporation have also been provided in the State Annual Plan, 1974-75, in addition to the amount of Rs. 2 lakhs released as loan to the corporation during the year 1973-74. Besides, it has been tentatively agreed that the State Government will be able to raise from the open market a loan of Rs. 110 lakhs during the year 1974-75.

The scheme incorporated in the proposed Bill is proposed to be implemented in different phases extending over a number of years in accordance to the respective needs of the backward districts and overall availability of resources for the said purpose.

The scheme has been included in the State Fifth Five-Year Plan and a total outlay of Rs. 7 crores—Rs. 2.50 crores for payment of cost of acquisition of lands and Rs. 4.50 crores for administrative and development expenses of the corporation—has already been recommended for the Fifth Plan period. The expenditure from the consolidated fund of the State on account of the proposed corporation is likely to increase from year to year as the tempo and volume of work of the proposed corporation develop with the passage of time.

STATEMENT OF OBJECTS AND REASONS.

The West Bengal Medical and Dental Colleges (Regulation of Admission) Act, 1973 (West Bengal Act XXXVI of 1973), came into force in this State with effect from the academic session 1973-74. The Act provides, inter alia, for districtwise distribution of the seats in the Medical and Dental Colleges in West Bengal on the basis of the population of the districts of West Bengal (Calcutta comprised within the territorial jurisdiction of the Calcutta Corporation is also a district for the purpose of this Act), with a view to ensuring adequate medical facilities in the districts of West Bengal.

Certain practical difficulties with regard to candidates' 'normal residence' in the districts and also their educational qualifications were experienced, while implementing the provisions of the Act for the academic session 1973-74. The Act, in its present form, does not enable the normal residents of West Bengal, who are at present residing outside this State for some reason or other, or the students of Bengali origin, who had migrated to India from the erstwhile East Pakistan prior to 25th March, 1971, or the sons and daughters of employees of Central, State or Union Territory Governments or of Statutory/Corporate undertakings of such Government, who are for the time being stationed in this State, to apply for admission to the Medical and Dental Colleges in West Bengal. The Act also does not specify the educational qualification, which the candidates have to possess for such admission.

The present Bill seeks to remove the difficulties with regard to candidates' normal residence, as aforesaid, to specify the educational qualifications of the candidates and also to suitably modify the preamble and the long title of the Act of 1973 in keeping with the objects of the Act.

Preamble :

Whereas an agreement was made between the Government of West Bengal and the Government of Punjab in the month of February 1963, for the operation of road transport services between the two States; and

Whereas the aforesaid agreement expired in the month of February 1965, and status quo ante had been maintained since then in anticipation of revision and renewal of the agreement; and

Whereas it is necessary to renew the agreement for facilitating the movement of goods between the two States and assisting tourists of one State to visit the other whenever necessary;

Now, therefore, it is hereby agreed between the Government of West Bengal and the Government of Punjab as follows :—

1. **Preliminary.**—The agreement shall come into force immediately after the requirements of publication and consideration of representations, envisaged under sub-section (3A) of section 63 of the Motor Vehicles Act, 1939, are fulfilled and shall be effective for a period of five years in the first instance from the date it is brought into force. It shall be subject to revision every six months or periodically at the instance of either State. For reasons to be given in writing by either State Government, it may be revoked on three months' notice and suspended on one month's notice. Such revocation or suspension will not, however, affect plying of vehicles covered by a permit already issued and/or countersigned under this agreement. Permanent permits shall be countersigned for the entire period of their validity in spite of the fact that such period may extend beyond validity of the agreement.

2. **Public Carriers.**—It is agreed that public carrier's permits for 60 goods vehicles shall be countersigned by the Transport Authorities of either State. The countersignature shall be valid for the

entire State permitting operation on all National State Highways, only with deviation up to 30 Kilometres from these roads to reach a manufacturing concern or an industrial centre. The countersignature so granted shall be subject to the following conditions :—

(a) That such countersigned vehicles shall not be engaged in intra-State movement of goods within the jurisdiction of the countersigning State and shall not pick up such goods lying wholly within the jurisdiction of the countersigning State.

(b) That countersignature shall be subject to the provisions of section 56 of the Motor Vehicles Act.

3. **Private Carriers.**—(1) It is agreed that private carrier's permits for 10 goods vehicles shall be countersigned by the Transport Authorities of either State. Such countersignature shall be for the entire area of the reciprocating States subjects to the following conditions :—

(a) Private carriers of either State operating under this Agreement shall not ply for hire or reward and shall not pick up or set down goods within any two points lying wholly in the jurisdiction of the countersigning State.

(b) Goods specified in the private carrier's permit only shall be carried.

(2) Recommendations for the countersignature of private carrier's permits shall be made by the State Transport Authority concerned only after it is satisfied from a thorough enquiry that countersignature is required for a bona fide private purpose.

4. **Temporary permits.—(A) Public carriers and private carriers.**—Temporary permits for 75 public carriers and 10 private carriers may be issued in a month by the State Transport Authority of either State without prior concurrence of the other State Transport Authority subject to the following conditions:—

(a) The permits shall be issued in strict conformity with the provisions of section 62 of the Motor Vehicles Act, 1939.

(b) The permits shall be valid for a period not exceeding 30 days but during this period vehicles can perform any number of trips between the two States.

(c) The permits shall be valid for the entire State permitting operation on all National and State Highways, only with deviation up to 30 kilometres from these roads to reach a manufacturing concern or an industrial centre.

(d) Copies of temporary permits issued by either State Transport Authority shall be forwarded forthwith to the other State Transport Authority.

(e) Vehicles of one State shall not pick up or set down goods within any two points lying wholly in the jurisdiction of the other State.

(f) Goods of only specified description shall be carried in private carriers.

B. **Tourist cars and coaches.**— Special permits under sub-section (6) of section 63 of the Motor Vehicles Act, 1939, may be issued by either State Transport Authority as and when necessary.

5. **Taxation.**—The principle of single-point taxation shall apply to the vehicles of each State operating on any Inter-State route under this agreement.

6. **Corridor arrangements.**—In order to facilitate the movement of motor vehicles through the territory falling in the States of Bihar and Uttar Pradesh the following corridor arrangements shall be accepted subject to the approval of the Government of Bihar and Uttar Pradesh:—

(i) Vehicles shall traverse the territories of Bihar and Uttar Prodesh through the shortest practicable route if no route is specified for the purpose by the Governments concerned.

(iii) The Governments of Bihar and Uttar Pradesh shall have the right to prescribe the time within which vehicles shall pass through their jurisdiction.

(iv) The Governments of Bihar and Uttar Pradesh shall be at liberty to take such action as may be permissible under the law for any breach of the above conditions or of any provision of the law.

(2) The Governments of West Bengal and Punjab shall move the Governments of Bihar and Uttar Pradesh for their concurrence to the conditions stated above and for the countersignature, subject to these conditions of, permits issued by the two State Transport Authorities.

7. **General.**—Each State shall accord recognition to tax, tokens, registration certificates, certificates of fitness of vehicles, conductors, licences, authorisations to drive transport vehicles, etc., issued by the other State in respect of vehicles operating, or to be operated, on Inter-State routes in accordance with this agreement.

STATEMENT OF OBJECTS AND REASONS.

The West Bengal Non-Agricultural Tenancy Act, 1949 (West Ben. Act XX of 1949), provides for preparation and not for revision of record-of-rights in respect of non-agricultural lands and enjoins that the relevant provisions of the Bengal Tenancy Act, 1885 (VIII of 1885), will apply in this regard. The Bengal Tenancy Act, 1885, has, however, already been repealed. With a view to facilitating revisional settlement operation in respect of non-agricultural lands it has, therefore, become necessary to amend the said Act suitably laying down the procedure to be followed and providing for other ancillary matters. It is also necessary to remove certain anomalies present in the said Act which are related to the West Bengal Estates Acquisition Act, 1953 (West Ben. Act I of 1954), and other Acts.

2. The Bill has been framed with the above objects in view.

In the matter of an industrial dispute exists between Messrs. G. & H Shaw (P) Ltd., Ichapur Road, Dasnagar, Howrah and their workman Shri Ram Chandra Prosad C/o. Lakmi Ram Chhagulall, 77 Kailash Bose Street, Calcutta-6 (Case No. VIII-291/70)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri SUDHIR RANJAN ROY, Judge,
Second Industrial Tribunal.

By its order No. 5227-I.R./IR 10L 269/68, dated the 15th July 1970, the Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. G. & H. Shaw (P) Ltd., Ichapur Road, Dasnagar, Howrah, and their workman Shri Ram Chandra Prosad, C/o. Lakmi Ram Chhagulall, 77 Kailash Bose Street, Calcutta-6, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, 1947, for adjudication on the following issue:

Issue

Whether termination of services of Shri Ram Chandra Prosad by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

After the reference was received by this Tribunal, notices were issued to the parties, who entered appearance and filed their respective written statements.

The workman's case, in brief, is as follows:

That the concerned workman Shri Ram Chandra Prosad employed in the Company as its Hindi Accountant (Munim). He went on leave from 23rd April 1969 to 22nd June 1969 with permission of the

Company. On expiry of the leave he went to attend his duty on 23rd June 1969, but was not allowed to join. He again reported for duty on 24th June 1969, but was physically driven out by Shri Hiralal Shaw, the Managing Director of the Company. He thereafter fell sick and was under the treatment of a Panel Doctor of the E.S.I. from 25th June 1969 to 22nd July 1969. Necessary E.S.I. certificates for the period were submitted to the Company. On 23rd July 1969, he again reported for duty but was not allowed to join. Since then he regularly attended the Company till 30th July 1969, on which date he was again physically driven out by the Managing Director of the Company. Thereafter, he fell sick again and continued to be so from the 31st July 1969 till the 10th August 1969. During this period he was under the treatment of a Doctor of the E.S.I. On being declared fit to resume his duties he went to attend his duties on the 11th August 1969, but was not allowed to join. By this letter, dated the 11th August 1969, the workman requested the management to allow him to resume his duties and to pay him his wages for the period of forced unemployment. The management, however, took no action in the matter. Subsequently by his letter, dated 15th August 1969 the workman referred the dispute to the Labour Commissioner, Government of West Bengal. On the 11th September 1969, the Company issued him a charge-sheet. He replied to the charge sheet, but no enquiry was held. There were conciliation proceedings in the Labour Commissioner's Office, but no conciliation could be effected due to the stiff attitude of the management. Consequently the present reference was made.

The Company's case, in brief, is that the concerned workman absented himself from duty without any leave and did not care to join his duties though he was repeatedly requested by the management to do so. His continued absence left the Company with no other alternative but to terminate his service and his name was struck-off from the muster-rolls of the Company. The Company denies specifically that the workman reported for duty on different dates as alleged, but was not allowed to join. According to the Company no question of refusal of employment to the workman arises, inasmuch as the workman left the service voluntarily. It has further been alleged that before referring the matter to the Labour Commissioner no dispute was raised by the workman with the management. The workman, in the aforesaid circumstances is entitled to no relief whatsoever.

Appearances:

For the workman: Shri M. P. Malviya, Advocate.

For the Company: Shri Basudev Banerjee, Advocate.

Findings

Undisputedly the concerned workman Shri Ram Chandra Prosad was an employee of the Company and had been working as a Munim (Hindi Accountant). It is also not disputed that he absented himself from duty with effect from 23rd April 1969. According to the workman he was on leave from 23rd April 1969 to 22nd June 1969 with the permission of the Company, while according to the Company, the workman absented himself without leave from 23rd April 1969 and never made any attempt to resume his duties thereafter. On the question whether the workman was on leave or not the evidence is simply oath versus oath. The workman at one stage attempted to say that before proceeding on leave he submitted a leave application and his leave was sanctioned on that application (vide Ext. 3), but before this Tribunal he stated that he wanted to file an application for leave but was told that no such application was necessary. He, however, submitted a leave application which was torn off by the "employer". Be that as it may, the workman naturally could not produce any documentary evidence in support of his contention that he was actually on leave from 23rd April 1969 to 22nd June 1969. It must, however, be said that the management could produce dependable documentary evidence to show that the workman was not on leave as alleged. We find from the evidence of O.P.W. 2, Hiralal Shaw, the Managing Director of the Company, that the Company maintains a Leave Register. The relevant Leave Register could have been easily produced by the Company to show that the workman was not actually on leave as alleged by him. But for reasons best known to the Company, the said Leave Register was not filed. Two Attendance Registers were, however, filed by the Company (Exts. H and H/1), but these Registers are practically of no help. They simply prove that the workman remained absent from duty with effect from 23rd April 1969; a fact, which is admitted on both sides.

It is therefore, clear that the Company did not care to rebut the evidence of the workman by producing the relevant Leave Register, which it could have easily done. In my view, this is a circumstance against the Company. Certain other circumstances are there which, in my view, support the case of the workman at least to some extent. He started absenting himself from duty with effect from 23rd April 1969, but till 16th June 1969 the Company never cared to enquire about him. It was only on 16th June 1969 that a telegram was sent in the address of the native village of the workman, which runs as follows: -

"Absenting without notice, report for duty immediately" (vide Ext. A). According to the workman he did not receive this telegram as he had already left for Calcutta before 16th June 1969. Be that as it may, the Company in paragraph 8 of its written statement has specifically stated that the telegram was sent in the "Permanent Leave address" of the workman. This shows the awareness of the Company to the fact that the workman was actually on leave, because otherwise the telegram would not have been sent in his leave address. Thereafter, on 3rd July 1969 the Company addressed a letter to the workman in his "Permanent Leave address" (vide paragraph 8 of the Company's written statement). Exhibit B is a copy of that letter, dated 3rd July 1969 which was sent by registered post. It came back undelivered (vide Ext. D/1).

In my view, the facts and circumstances mentioned above, clearly show that the workman was actually on leave as alleged by him, though it is not known what was the extent of the leave. The Company, however could have easily produced the relevant Leave Register to prove that the workman was not on leave up to 22nd June 1969 as alleged by him, but as already observed the Company did not care to do so.

Now, even presuming for the sake of argument that the workman was not on leave till the fact remains that by their letter, dated 3rd July 1969 (Ext. B), the Company condoned his absence, inasmuch as the Company by that letter directed the workman to join his duty within a week. Considered in the light the question whether the workman was on leave from 23rd April 1969 to 22nd June 1969 becomes more academic than real. Whatever, the workman's conduct might have been, the Company was still agreeable to accept him in service up to 10th July 1969. It may be mentioned here, that the Company has no Standing Orders of its own (vide evidence of O.P.W. 2, Hiralal Shaw) and as such, the Company had absolute discretion in the matter of accepting the workman in service though he might have been absent without leave from 23rd April 1969 as alleged.

According to the workman he reported for duty on 23rd June 1969 but was refused employment. Thereafter he fell sick and was under the treatment of a Panel Doctor of the E.S.I. an he submitted the relevant E.S.I. certificates to the Company to explain his absence. We find from the evidence of O.P.W. 1, Dilip Kumar Pramanik, the Chief Executive of the Company, that the letter, dated 3rd July 1969 was sent by registered post on 5th July 1969 and on being cross-examined he stated that on 4th July 1969 they received the 1st E.S.I. certificate regarding the concerned workman. As a matter of fact, before sending the letter, dated 3rd July 1969 the Company received 3 or 4 E.S.I. certificates regarding the concerned workman. Shri Pramanik, however attempted to say that they took no notice of the E.S.I. certificates as they were not accompanied by any leave application. Be that as it may, the fact remains that after 22nd June 1969 the workman was sick for some time and this was brought to the notice of the Company. That being so, it cannot prima facie be said that the workman absented himself from duty without any reason. The workman's evidence is that after his recovery from illness he reported for his duty but was refused employment. The Company denied this fact stoutly, but O.P.W. 1 Shri Pramanik had to admit on being cross-examined that they issued a charge sheet against the workman as he had been pressing hard for reinstatement. This, in my view, corroborates the evidence of the workman that he had reported for duty but was refused employment and I do not think that there was any lack of bona fides on his part. It is also admitted that he had been pressing hard for reinstatement. This belies the contention of the Company that the workman remained absent continuously and never made any attempt to resume his duties. On the other hand, the workman's contention that he was very keen to resume his duties will appear from the admitted fact that he had been pressing for reinstatement. That being so, it must be concluded that he was refused employment by the Company as alleged.

It is now well settled that abandonment or relinquishment of service is always a question of intention, and, normally such an intention cannot be attributed to an employee without adequate evidence in that behalf. But where parties agree upon the terms and conditions of service and they are included in Certified Standing Orders, the doctrines of common law or consideration of equity would not be relevant (Buckinghan and Carnatik Company Ltd. versus Venkatavya as reported in 1963 (II) L.L.J p. 638 Supreme Court). Here, as I have already pointed out, that the Company has no Standing Orders of its own and the name of the concerned workman was not struck-off under the provisions of any Standing Orders. That being so, the doctrines of common law and consideration of equity come in and it is well settled that under common law an inference that an employee has abandoned or relinquished service is not easily drawn unless from the length of absence and from other surrounding circumstances an inference to that effect can be legitimately drawn and it can be assumed that the employee intended to abandon service.

Here, we have found that though the employee absented himself from duty from 23rd April 1969, the Company remained absolutely silent till 16th June 1969 and even on 16th June 1969 a telegram was sent in the "Permanent Leave address of the workman". Then by their letter, dated 3rd July 1969 the Company condoned the absence of the workman and directed him to resume his duties within a week. Thereafter, the Company was duly informed about the continued illness of the workman. Then again, it is admitted that the workman had been pressing for reinstatement which caused the Company to issue a charge-sheet against him after the matter was referred to the Labour Commissioner. The charge-sheet, however, died its natural death after the workman submitted his explanation. This was particularly because that a reference had already been made to the Labour Commissioner.

In my view, it cannot be assumed from the aforesaid fact and circumstances that the workman had abandoned or relinquished his service. In fact he had been pressing the Company for reinstatement. That being so, I am unable to hold that Shri Ram Chandra Prosad, the concerned workman, left the service voluntarily as alleged by the Company. On the contrary, I am convinced that he was refused employment by the Company as stated by him.

According to the Company the workman did not raise any dispute with the management before referring the matter to the Labour Commissioner. The workman's case, however, is that he addressed a letter to the Company, dated 11th August 1969 (Exts. 1 and 6) requesting it to allow him to join his duties and to pay him his wages for the period of forced unemployment from 23rd June 1969. The workman's evidence is that he handed over this letter to the Managing Director (O.P.W. 2), who, however, denied this fact. In my view, however, it must be held that the workman's version is true inasmuch as he was admittedly pressing for reinstatement. The Company, in my opinion, intentionally suppressed the fact about the receipt of the letter (Exts. 1 and 6). Moreover, the conduct of the workman will show that he was all along very serious about joining his duties and that being so, he cannot prima facie be disbelieved when he stated that he handed over the letter, dated 11th August 1969 to the Managing Director personally. I, accordingly, hold that a prior dispute was raised by the workman with the management before the matter was referred to the Labour Commissioner. We may recalled here, that according to the workman the matter was referred to the Labour Commissioner by a letter, dated 15th August 1969.

Thus, on a consideration of all the facts and circumstances above, I hold that the Company without proper reasons refused employment to the concerned workman Shri Ram Chandra Prosad and as such, the

Company is directed to reinstate him with full back wages from 23rd June 1969 within 30 days from the publication of the award in the "Calcutta Gazette".

Issue under reference is answered accordingly in favour of the workman.

This is my award.

Present:

Shri SUDHIR RANJAN ROY, Judge,
Second Industrial Tribunal

By its order No. 5917 LR./IR/11L 257/71, dated the 23rd August 1973, the Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Castrol Ltd., 14 India Exchange Place, Calcutta-1, and their workmen represented by Castrol Staff and Workers' Union, 14 India Exchange Place, Calcutta-1, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

1. Whether promotion of Shri S. Mukherjee from Grade B to Grade A should be automatic.
2. What benefit besides two increments in scale given under agreement, dated 29nd May 1970 is he entitled to?

The reference was received by this Tribunal on 8th September 1973 and thereafter, notices were issued to the parties fixing 24th September 1973 for appearance. Notices having been duly served upon the parties the Union entered appearance on 24th September 1973, but the Company did not appear. Accordingly, 19th October 1973 was fixed for filing written statement by the Union. The Union, however, did not file any written statement on the date fixed and the case was adjourned to 6th November 1973 for filing written statement by the Union. The Union did not file written statement even on that date and no steps were also taken. However, the case was adjourned to 28th November 1973 for filing written statement by the Union, but the Union, however, remained silent as before. Inspite of that the Union was given another chance to file its written statement by 17th December 1973. But unfortunately, the Union, remained absent even on that date and that being so, the case was adjourned to 2nd January 1974 for hearing and in the alternative for passing a no-dispute award. The Company, as the record shows, did not take any steps and on 2nd January 1974 both the parties remained absent.

In the aforesaid circumstances, it may very well be presumed that the dispute under reference is no longer in existence or that the parties are no longer interested in having their dispute adjudicated by this Tribunal.

Accordingly, a 'no-dispute' award is passed on the footing that the dispute under reference is no longer in existence.

This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri SUDHIR RANJAN ROY, Judge, Second Industrial Tribunal.

By its order No. 3816-I.R./IR/13L-11/73, dated the 23rd May 1973, Labour Department, Government of West Bengal, referred an Industrial Dispute between Messrs. Process and Print and their workmen represented by North East Calcutta Press Workers'/Employees' Union to this Tribunal under section 10 of the Industrial Disputes Act, 1947 for adjudication on the following issue :

Issue

Whether termination of employment of Shri Ashit Roy Chowdhury by way of dismissal is justified? To what relief, if any, is he entitled.

Notices having been served upon the parties, they entered appearance and filed their respective written statements.

The Union's case in brief, is that the concerned workman was wrongfully dismissed by the employer on the alleged ground of his absence without leave.

The Employer's case on the other hand, is that the workman concerned absented himself from duty without leave and did not join though he was given sufficient opportunity to do so.

On behalf of the Company a preliminary objection was raised and it was urged that the said objection should be disposed of initially before the case was taken up for hearing on merits. Accordingly, the case was taken up for hearing on the preliminary objection raised by the Company. The preliminary objection has been taken in paragraph 1 of the Company's written statement and it runs as follows :—

"The said firm did not receive any demand in writing from the workman for reinstatement of Shri Ashit Kumar Roy Chowdhury and as such the claim for such reinstatement has not assumed the character of an Industrial Dispute."

Appearances of the parties are as follows :-

For the Company : Shri P. K. Sanyal, Advocate with Shri Shyam Sundar Roychowdhury, Advocate.

For the Union : Shri D. K. Dasgupta, Advocate.

Findings.

It appears that the Company issued a charge-sheet to the workman, dated 4th April 1972 and put him under suspension pending enquiry. Subsequently he was dismissed from the service with effect from 13th June 1972. All these facts are admitted on both sides.

Now, as it appears, that over the suspension of the workman the Union raised a dispute with the management by their letter, dated 14th June 1972 (Ext. B). Earlier the workman personally raised a demand with the management over his suspension by his letter, dated 10th June 1972 (Ext. F). There were also conciliation proceedings before the Labour Commissioner over the suspension of the workman, during the pendency of which the workman was dismissed from the service with effect from 13th June 1972. The issue under reference relates to the termination of employment of the concerned workman, or in other words, his dismissal from service.

The question is whether any dispute was raised with the management either by the workman himself or by the Union on his behalf regarding the dismissal, before the matter was referred to the Labour Commissioner. In paragraph 19 of the Union's Written Statement, it has been alleged that a dispute was raised with the management over the dismissal of the workman by a letter, dated 22nd June 1972. The Union's case is that on 22nd June 1972 the concerned workman along with P. W. 2 Panchanan Singh Roy, the Joint Secretary of the Union, went to O. P. W. 2 Sunil Kumar Dey, one of the Partners of the Press with a copy of the letter, dated 22nd June 1972 and requested him for the reinstatement of the workman. Sunil Kumar Dey, however, refused to reinstate the workman and also to accept the letter. Accordingly, on the very same day, the letter was sent to the Company by post under certificate of posting (vide Exts. 1 and 1/a). O. P. W. 2 Sunil Kumar Dey denied this fact categorically and so also O. P. W. 1 Anil Kumar Dey, another partner of the Press. Anil Kumar Dey went to say further that no representation for reinstatement was made to the management either by the workman himself or by the Union on his behalf. The certificate of posting Ext. 1/a, however, shows that on 22nd June 1972 a letter was sent to the Press by post. But even assuming that the Company received this letter, the fact remain that it was sent to the Company after the dispute in question was already referred to the Labour Commissioner by the Union. Ext. 8 is the relevant letter, dated 21st June 1972, which was sent to the Labour Commissioner raising a dispute over the dismissal of the concerned workman. The letter is under the signature of Shri Panchanan Singh Roy, the Joint Secretary of the Union. Shri Singh Roy deposed before me as P. W. 2, and on being cross-examined he stated that on 21st June 1972 he wrote a letter to the Labour Commissioner and Ext. H was that letter, (it may be mentioned here that Ext. H was called for from the Labour Commissioner's Office). It is neither the evidence of the workman nor of Shri Panchanan Singh Roy that before 22nd June 1972 any dispute was raised with the management either verbally or in writing over the dismissal of the concerned workman. On the other hand the evidence adduced before me will show that over the dismissal of the workman the first dispute that was allegedly raised with the management was on 22nd June 1972 and not earlier than that. But as we have already seen, that on 21st June 1972 a dispute over the dismissal of the concerned workman had already been raised with the Labour Commissioner (Ext. H) so, it is clear that before the dispute was raised with the Labour Commissioner, no dispute was raised with the management and if at all any dispute was raised with the management it was after the reference of the matter to the Labour Commissioner. This clearly brings the case within the mischief of the Sindhu Resettlement Corporation Case as reported in 1968 I L. L. J. 834 where it has been laid down by the Hon'ble Supreme Court that a mere demand to a Government without the dispute being raised by the workmen with their employer cannot become an Industrial Dispute. The view taken by the Hon'ble Supreme Court in the above case was also accepted by the Hon'ble Delhi High Court in a case reported in 1970 F L. R. Vol. 20 page 343 where it has been laid down that a demand by the workmen must be raised at first on the management and rejected by them before an industrial dispute can be said to arise an exist and that the making of such a demand to the conciliation officer and its communication by him to the management, who rejects the same, is not sufficient to constitute an industrial dispute.

That being so, it must be held that the present dispute has not assumed the character of an Industrial Dispute.

The learned Lawyer appearing on behalf of the Union referred me to a decision of the Hon'ble Patna High Court as reported in A. I. R. 1970 Patna 295, in support of his contention that a demand and a refusal of it are not always necessary to make a dispute an industrial dispute. The Hon'ble Patna High Court, as I find, did not lay down any general principle contrary to

the principle laid down by the Hon'ble Supreme Court in Sindhu Re-settlement Corporation's case. The Hon'ble Court simply observed that in the facts of the case before it any specific demand to the management and its refusal by it was not necessary. There, the workmen put forward a demand before the management requesting the management to allow them to work, but the management would not allow them to work. The resultant of this dispute was an industrial dispute as to the alleged lock-out. The Hon'ble Court observed that in the aforesaid circumstances no further demand of that dispute was necessary. But here, the facts are entirely different. The concerned workman raised a dispute with the management over his suspension but no dispute was raised over his dismissal, which is now the issue before us. That being so, the case clearly comes within the mischief of the Sindhu Resettlement Corporation's case.

Thus, on a consideration of the facts and circumstances stated above, it must be held that the dispute under reference has not assumed the character of an industrial dispute, inasmuch as no earlier dispute was raised with the management before the matter was taken up to the Labour Commissioner for conciliation.

The reference should, therefore, be held to be had in law and as such it is not necessary to enter into the merits of the case.

The preliminary objection taken by the Company accordingly succeeds.

This is my award.

BEFORE ARBITRATOR

Present:

Shri N. C. KUNDU,

Additional Labour Commissioner, West Bengal,

Arbitrator.

Government of West Bengal in the Labour Department vide order No. 1188-I.R./IR/11L-37/73, dated 10th February 1973 published the arbitration agreement as shown in the annexure 'A' hereto, under sub-section 2 of section 10(A) of the Industrial Disputes Act, 1947 in respect of industrial dispute between the owners of four Cinema Houses of Burdwan as referred to above (hereinafter referred to as the employers) and their workmen represented by Bengal Motion Picture Employees' Union as stated above (hereinafter referred to as the workmen), as the said parties agreed to refer the dispute in question to arbitration by me.

The said Arbitration Agreement between the employers and the workmen referred the following specific matter of dispute to arbitration .—

Issue .

"Grades and Scales of pay of the employees of the abovenoted four cinema houses".

The employers and the workmen were first advised to file their respective written statements. Bengal Motion Picture Employees' Union submitted its written statement on 31st March 1973 and the employers, with the exception of Bichitra Cinema submitted their written statements subsequently on different dates. The parties were thereafter heard on 21st June 1973, on which date various documents and materials were produced by the parties to the dispute. On that date Shri Anath Saran De and Shri Anil Krishna De were present for Rupmahal and Arati Cinema houses Shri Anuja Kumar Chatterjee was present for Bichitra Cinema but none present for Burdwan Cinema. Shri Shib Nath Chatterjee represented the workmen.

The parties were again heard for clarification of the existing wage structure on 7th December 1973, on which date Shri Nirmal Ch. Ghosh (Burdwan Cinema), Anil Krishna Dey (Rupmahal), Anuja Kumar Chatterjee (Bichitra) and Shri Anath Saran Dey (Arati) were present.

Both the employers and the workmen agreed in course of hearing that they would not adduce any evidence. They agreed to submit written arguments. Accordingly, hearing was closed on 7th December 1973

It was argued on behalf of the owners of the four cinema houses of Burdwan that the present pay structure of the employees were fair and reasonable. The existing sliding scales of dearness allowance fully neutralised the increase in the cost of living index and as such further claim for grades and scales was not justified. It was further argued that any increase in the pay scale would cost a proportionate increase in the amount of overtime wages, annual bonus, contributions to provident fund and gratuity funds. On a rough calculation an increment at the rate of Re. 1 for all employees per year would entail additional cost to the tune of Rs. 2,300. They resisted the introduction of grades and scales of pay on the ground that the increased burden of cost could not be passed on to the cinema goers.

The representatives of the workmen in course of their arguments submitted that the four cinema houses had sufficient and considerable average weekly sales to meet the demand of the workmen. The wages of the workmen in the four cinema houses were low and was said to be even below the subsistence level. They further stated that the owners of the said houses enjoyed facilities for house protection and as a result their profits/income were assured. Apart from the weekly sales the house owners derived income from slides, screening short films and rents from the stalls. It was asserted by workmen's representatives that the cinema owners had the capacity to introduce grades and scales of pay.

On a scrutiny of the profit and loss accounts and balance sheets of the four houses, it transpired that Arati Cinema made a profit of Rs. 11,221.88 in 1971. The owners of Roopmahal Cinema made profit of Rs.784.80 in 1971. The owners of Burdwan Cinema made a profit of Rs. 53,000 in 1971. As for Bichitra, the Proprietor did not submit any written statement. During the hearing he stated that he was running the cinema at a loss since 1971.

Having allowed the parties full opportunity to prove their respective stand it was agreed by mutual consent that the parties would submit written arguments. The proceedings were thereafter treated as closed.

On a consideration of the materials on record and having considered all aspects of the matter taking into account the capacity of the industry to pay, I fix up the grades and scales of pay (basic) as given in Annexure 'B', and I am of the opinion that the four cinema houses of Burdwan have the capacity to bear the burden for introduction of grades and scales of pay. In their limited capacities they have to introduce the grades and scales of pay which have not been done so long. The workmen have all along been agitating for introduction of grades and scales of pay and for this purpose bipartite and tripartite discussions were also held beforehand. Bearing in mind financial burden that will be involved as a result, and also the need for grade and scale in cinema industry, I have made out a simple grade and scale of pay for cinema houses of Burdwan.

The next question is fitting in of the employees in the wage scales laid down by this award. The determining factor will be the existing basic pay, with which the ad hoc @ Rs. 15 granted with effect from February 1973 will be merged where the basic pay with merged ad hoc is less than the minimum of grade or a particular stage in the time scale, it will be pulled up to the minimum of the grade or to the next higher stage in the scale, as the case may be. The employees will be entitled to annual increment as usual on completion of a year after the introduction of the grades and scales of pay, in case there was no system of payment of increment. Annual increment will continue to be granted in the same month of a year according to the prevailing customs in each cinema, i.e., if the cinema 'X' has given the last increment in a particular month the next increment in the grade and scale under this award will be due in the same month of the next year. The grades and scales of pay would be given effect to from 1st January 1974. The existing dearness allowance as linked with the

variation in the consumer price index number will continue and the same remains untouched.

I award that the employers will take action accordingly.

Calcutta, the 16th January 1974

N. C. KUNDU,
Arbitrator and Additional Labour Commissioner, West Bengal.

ANNEXURE

In the matter of an industrial dispute between Messrs. Hindusthan Iron & Steel Co., 68 Jessore Road, Calcutta-55 and their workmen Shri Kanailal Yadab represented by the Hindusthan Iron and Steel Co. Staff and Workmen's Union, 181 Shyamnagar Road, Calcutta-28. (Case No. VIII-173/71.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:
M. ROY, Judge,
Fifth Industrial Tribunal.

AWARD

By order No. 2033-I.R./IR/11L-232/70, dated the 20th May 1971, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Hindusthan Iron & Steel Co., 66 Jessore Road, Calcutta-55 and their workman Shri Kanailal Yadab represented by the Hindusthan Iron & Steel Co. Staff and Workmen's Union, 181 Shyamnagar Road, Calcutta-28, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication of the following issue:

Issue

Whether the termination of service of Shri Kanailal Yadab with effect from 7th November 1969 by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

The above Order of Reference was received by this Tribunal on 25th June 1971. Thereafter notices were issued to the parties fixing 17th June 1971 for their appearance. The Union duly appeared and prayed for time to file a statement of their case on several occasions and eventually they filed their written statement on 23rd August 1971. Thereafter the Company was given the opportunity to file their written statement and they took time on several occasions to file their written statement till 3rd January 1972 when the Company was given the opportunity to file their written statement as a last chance by 20th January 1972. Thereafter the parties did not practically take any step from 22nd February 1972 till 16th November 1973, although more than a dozen opportunities were given to them to prosecute their dispute. On 6th December 1973 the Company filed an affidavit of the workman concerned stating that the matter had been compromised. The Company was thereafter directed to file a proper petition regarding their compromise duly signed by a competent representative of the Company by 13th December 1973. The parties again failed to take any step thereafter till 13th December 1973. On that date both parties absented themselves and as such this Tribunal had no other alternative but to dispose of the reference by applying Rule 22 of the West Bengal Industrial Disputes Rules 1958 on the footing that the dispute between the parties under reference is no longer in existence. It is ordered accordingly.

This is my award.
